

Notes from 7 July 2022

a. Jeremy pointed partners to the partner notes from 9 June (see attachment 2) b. John noted the efforts to bring the three major areas of focus shared by the Evidence Commission, Cochrane and EVIPNet (formalizing and strengthening the evidence-support system, enhancing the global evidence architecture, and putting evidence at the centre of everyday life) to the attention of diverse audiences (see the bolded text in attachment 2), as well as provided an update on the rapid-jurisdictional assessments
a. Jeremy introduced Francisca Verdugo from Epistemonikos, who gave a presentation about their work on COVID-19 and their plans for next steps b. Jeremy invited input from many COVID-END partners about whether and how they're adjusting their approaches to address future challenges as well as to continue to address COVID-19
a. Evidence Synthesis Ireland and Cochrane Ireland hosting a webinar "Context, history and challenges for guideline development for Canadian primary care" with Dr. Brenda Wilson i. Friday 15 July, 12 – 1pm IST (7 – 8am EST) ii. Registration details here
a. Jeremy noted that updated calendar invitations for partners meetings will be sent with a new Zoom meeting link
