

a. Welcoming working group members i. Fred Nalugoda, Rakai Health Sciences Program, Uganda <i>Fred was welcomed to the group</i>	
a. Review previous meeting notes from 26 June (see attachment 2) <i>The group reviewed the notes and action items from the last meeting and discussed the status</i>	

- a. Ecosystem graphics for COVID-END logic model (see attachment 3)**
- Heather presented a brief overview of the logic model (to bring Fred up to speed) and clarified that the next step is to send the logic model to Declan's***

- *There was a discussion about whether the survey should explicitly elicit responses related to decision-makers*
 - *While there are pros and cons, the group suggested focusing on the decision*
