

<p>a. <i>Jean-Frederic Levesque, Agency for Clinical Innovation – New South Wales, Australia</i></p> <ul style="list-style-type: none"> • <i>Jean-Frederic introduced himself and the group welcomed him – he will be replacing Kim on the working group</i> 	
<p>a. <i>Review notes and action items from August 12th meeting (see attachment 2)</i></p> <ul style="list-style-type: none"> • <i>Notes and action items were reviewed and discussed</i> 	

- a. *Logic model updates*
 - *Heather has sent the logic model back to designer with suggestions based on the feedback from the working group and will update the group when she hears back*

c. <i>Planning for follow-up study</i>	
--	--

- i. *Retrospectively study how well the systems and methods of the pre-existing evidence ecosystem responded to the 'stress test' presented by COVID-19 (how effective and efficient were these and how could these be developed and strengthened?)*
- ii. *Prospectively study how the evidence synthesis community's newly developed systems and methods (including COVID-END as a time-limited network) are being put in place and will contribute to the evidence ecosystem's ability to respond to any future pandemics*

- *What are the human dynamics and world views of the actors in the ecosystem and*
